PHOTOGRAPHY

Hello! My name is Angela Marvel. I'm 42, married, have 2 teenage boys that keep me busy with sports and school activities, and I've been a photographer for over 15 years!

Since I was a young girl, I've always had a passion for photos. I've carried a camera with me everywhere I go since age 13. Now granted, yes I did start with a little point and shoot and the photos were just snapshots of my friends, but nonetheless, the passion was there. As I hit my 20's, I wanted the photos to have better quality, so I learned how to use a "real" camera. An old Minolta fully manual film camera. *And I fell in love.* ♥

A few years later I ordered my first digital camera and there was no turning back. Two years after that, I started my business. Six digital cameras later, I am going strong and still have the same passion and love for photography as I ever did!

So what makes my sessions different than other photographers? Basically, I like to have **FUN**. I make sure each and every one of my sessions is fun for me, the senior, and whoever they bring. We will laugh. We will make fun of me. I will ask them to do silly things. I will ask them things that seem weird, thus making them laugh. So we will laugh again. I will capture amazing photos. Everyone will return home having spent the last hour smiling and creating wonderful memories. Then you relive it all again when you see the images a few weeks later :)

Most of my seniors are a little nervous or apprehensive at the start of a photography session, but I have amazing ways to loosen them up. As an introvert myself, I get it can be hard to have your photo taken when you are the only subject. Thus, why I try to make the session fun and comfortable. I want the seniors to be relaxed and who they are, which is easier if you are having a fun time!

I can't wait to meet you and your senior!

What does a SENIOR PLUS session look like?

This is the session for the senior who wants it all! It includes a variety of location options, multiple clothing changes, and more time to allow for everything the senior is envisioning.

The bulk of this session takes place at a main location, then a second smaller one is used either directly before or after the main portion of the session. The second location is used for a unique look or to highlight a specific hobby or sport. Examples would include adding a beach, mural, school, stadium, sports court, etc.

This session can also take place at one location for the entire duration or many smaller locations all within a relative short driving distance from each other (like using different downtown Tacoma alleys/walls).

What does a SENIOR CLASSIC session look like?

This is the type of session most envision when they think of senior portraits. My most popular senior session option. It is perfect for the senior who is looking to show off a few of their favorite outfits with a variety of background choices all at one location.

Although it utilizes only one venue, a variety of location options allows for finding the best one to show off individual personalities, as well as, interests and hobbies.

What does a SENIOR MINI session look like?

This session is perfect for the senior wanting quality images without the need for multiple outfit changes or wide array of background choices. Since this session lasts no longer than 30 minutes, it is perfect for the senior who doesn't like their photo taken, is looking for a few images for the yearbook and invitations, and/or is on a budget.

This session type takes place at one of my preferred locations.

**MOST
ASKED
QUESTIONS**

When should I schedule my session?

You can schedule your session any time you want! Summer before senior year and Spring of the graduating year are the most popular. However, don't forget about yearbook deadlines! Book a session a few weeks before the deadline in order to insure a photo is included in your senior yearbook.

How do you take payments?

Cash, Check, and Venmo.

When do you accept payment?

I accept payment the day of the session. If you would like to split the session fees into 2 payments, you may pay half at booking and remainder in full at the session. Or you can pay half at the session and the remainder 3 weeks after your session. No photos will be delivered until session is paid in full.

What about sales tax?

Sales tax will be added on top of all prices shown on the website based on your local sales tax.

Do you offer products?

Yes, I offer prints, albums, canvases, and more. Contact me for a full list of offerings and pricing.

How will I receive my images?

All digital images are available via digital download. I load your finished images to an online album that allows for individual or album download.

Can I share the photos on social media?

Of course. I love it when people share my photographs. I just ask that you don't crop out my logo if sharing from my facebook or blog and that you link to my webpage, facebook page, or blog when possible.

What happens if it rains the day of our shoot?

If it rains on the day of your shoot, we can reschedule for another day. I want the senior to feel great about the weather. However, if it's just a little sprinkly, we can move your session to another location that has some eves for rain cover. I can often still shoot outdoors without a problem unless its full on downpour.

How do I contact you?

The best way to make first contact is via email, my email address is: angelamarvelphotography@gmail.com or you can call me at: 253-334-8579

OMG! I just looked at them.
I love Them! They are
gorgeous. Exactly what I
wanted. Thank you, Thank
